DRIVEN BY PROFESSIONALS
DIRIGÉ PAR LES PROFESSIONNELS

Founded by Mr. Lance Bissett in 1929, Bissett has grown from a single location in Vancouver, BC to Canada's largest privately-held distributor of construction fasteners and related accessories for professional users.

Still headquartered in Vancouver, Bissett now has 8 service centers across the country from British Columbia to Nova Scotia.

BISSETT^{TM/MC}
DRIVEN BY PROFESSIONALS
DIRIGÉ PAR LES PROFESSIONNELS

In today's construction market speed and efficiency are no longer optional, they are expected. Wall panels have become a critical solution for builders looking to stay competitive in an environment defined by labor shortages, tight schedules, and rising costs.

By shifting construction to a controlled production setting this helps projects move faster while maintaining consistent quality.

WALL PANELS

At Bissett, we specialize in providing customized fastening and tooling solutions for industrial partners across Canada. We understand the demands of high-volume production, and our team works closely with each partner to ensure they are maximizing productivity, improving efficiency, and reducing downtime.

Our key partners include:

- Prefabricated and modular home builders.
- Truss manufacturers.
- Relocatable structure manufacturers.
- Pallet manufacturers.

QUALITY PRODUCT

Bissett products are built to "our" specifications providing you with consistent quality you can rely on.

EXPERT SERVICE

Our 8 service centres ensure fast turnaround on tool repairs allowing your business to run with minimal downtime.

SAFETY FOCUSED

Bissett delivers safety-driven solutions designed to help protect your crew and reduce your recordable incident rate.

INVENTORY

We help manage your inventory resulting in faster turns, reduced capital, and operational improvements.

LOANER PROGRAM

Bissett offers a variety of dependable programs customized to your business needs.

CANADIAN SPECS

We are experts in converting American machines to Canadian tool and fastener specifications.

COMPATIBLE MACHINES

Bissett has experience working with the following machines:

- **Triad**
- **Panels plus**
- **ASI innovation**
- **Weinmann**

Successful troubleshooting and conversions

EVERWIN PARTNERSHIP

Bissett partners with Everwin to offer a wide range of industrial tooling solutions that are durable and cost-effective

- **70,80,90, 100 PAL tools**
(up to 1470 In-lbs)
- **Large capacity magazines**
- **Safety handles**
- **Positive and negative triggers**

OUR CUSTOMERS

"With Bissett managing the details, getting our new Panels Plus machine set up was quick and effortless."

PBS Truss Manufacturing
Coldstream, BC

THE RIGHT FASTENER OPTIONS

Bissett offers industrial fasteners for applications such as:

- **Seismic Dominator Nail** (Intertek Tested)
- **Large Coil** (13-14 inch diameter)
- **Euro Coil** (9 inch diameter)
- **Small Coil** (5 inch diameter)

Introducing the Bissett Dominator Seismic Nail

Reduce the number of different nails on your jobsite by switching to the Bissett Dominator Seismic. The Bissett Dominator Seismic is suitable for both sheathing and framing.

This high carbon 3" x .120 nail exceeds withdrawal strength by nearly 50% and on par lateral/shear resistance when compared to a standard 3" x .148 nail.

Performance proven through third party testing with Intertek.

Engineers!
Scan to see third party supporting data!

Features and Benefits

- Almost 50% more pull out resistance due to aggressive spiral when compared to standard 3" x .148.
- On par lateral resistance with standard 3" x .148
- Greatly reduces wood splitting and less edge blow out
- Stamped nail head for easy identification
- More nails per coil compared to standard (150 vs 222)
- Also available in Euro Coil (500) and Mega Coil (1800)
- Allows for only 1 nail & 1 tool for multiple jobs applications (framing, sheathing)
- More efficiency and fewer mistakes
- ICC Approved

Available in the following SKUs:

Sub-Contractor Program

Ensure the contribution of the quality standards you demand.

Bissett Fasteners sells production-focused manufacturers of:

- Wall Panels
- Trusses
- Pallets
- Relocatable structures of all kinds.

Bissett Fasteners also sells products through a network of almost 1000 dealers nationwide.

Bissett Fasteners does not sell directly to subcontractors.

Please talk to us about including a nail/ tool subcontractor program to ensure the continuation of your quality standards.

QUALITY YOU CAN DEPEND ON

Bissett is dedicated to providing you with the best products and support. With over 1000 dealer partners across the country, our retail solutions are a proven success.
